Dear Ms. Sutovic,

RE: Inquest – PETAR SUTOVIC (DECSD)

Further to your letter of 20 June 2006, I write to provide details of the grounds relied on by the Attorney General in coming to his conclusion that a further inquest was necessary under section 13 Coroners Act 1988.

According to our records, the grounds upon which the Attorney General granted consent were that there was an arguable case of:

- Insufficiency of inquiry; and
- Availability of new evidence.

I note that you wish to meet personally with the Attorney General to discuss 'certain unresolved matters'. If you wish to pursue this, I would request that you provide clear details of the issues that you wish to raise in writing so that the Attorney General can consider this.

Yours sincerely,

Mr Nimesh N. Jani
